My collection of antique cars is kept in an airconditioned garage at Alvinpura Ranch. All these are very Historical vehicles, Chevy in the left back corner was once owned by a very famous baseball player, Red fire truck in is 1912 still in very nice condition. This entire collection has lots of value for me, making space here for my Ford Model T from 1923 which I have purchased last year.

The picture was taken from the Helicopter of my Alvinpura Ranch, where I enjoy raising Goats, Cows, fish and producing hay, and plenty of wildlife including deer and Hogs.
